Help with Director Search

Search

The Beta version of Director Search returns results for people associated with all businesses in British Columbia.

You can find people by searching for any part of the person's name, or you can enter an address to find people by address. Note that all searches prioritize name matches, so searches for an address will list name matches first. For example, searches for Parker Ave. will list matches for peoples' names containing Parker above addresses containing Parker.

Business Information

You can directly view information for the business types listed below in Director Search. Information for other business types can be obtained through [BC OnLine](#).

- Benefit Companies
- Cooperative Associations (active only)
- Sole Proprietorships
- General Partnerships

Where available, documents for these business types include:

- Business Summary
- Filing History Documents (ledger filings)
- Certificate of Status
- Certificate of Good Standing
- Letter Under Seal
